very best beef
for our customers*

Nicky's

The name Nicky's brings great things to mind - succulent prime rib roasted in rock salt (our specialty), superb steaks and chops, some delicious fare from Greece and Northern Italy, and the freshest seafood.

Three great menus... Three great rooms, the area's most popular lounge and a commitment of quality from Nicky himself.

Recipient of the Governor's Award for Colorado's best USDA Choice beef and supporter of the National Western Stock Show through the purchase of four Grand Champion steers. The choice for quality has been easy for over 40 years.

Breakfast, lunch and dinner seven days a week.
